OEM BULLETIN

PSA PEUGEOT CITROEN

The Independent Union of the European Lubricant Industry (UEIL) is the umbrella association of the Independent European Lubricants Industry, representing their members and, in particular, the interests of SMEs and independent lubricant companies. To date, the UEIL represents more than 400 lubricant companies, who manufacture and distribute lubricant products under their own various trademarks throughout the European Union. With members in more than 20 European Countries and a unique collective experience of lubricants and the lubricants market, UEIL is the sole representative body for independent manufacturers of lubricants in Europe and has been recognised as such by the European Commission. It is UEIL's policy to favour free and fair competition within the scope of prevailing EU and national laws.

The Technical Committee and the Competition Committee of UEIL are pleased to advise its members that, PSA Purchasing Executive Manager, Mr. Jérôme BOULET, has recently confirmed that:

“Peugeot and Citroën dealers are allowed to use lubricants which are not approved by PSA so long as the quality is equivalent to the approved products and so long as it is dedicated to a paying maintenance or service and not to any work under car maker warranty; such a use would not question the carmaker warranty so long as such lubricants, of an equivalent quality, do not present any defect and do not cause any dysfunction of the vehicles.”

Brussels, June 2011
